

APPLYING TO HIGHLY SELECTIVE BUSINESS PROGRAMS

Our counselors help undergraduate business applicants develop and implement an application strategy. This involves a deep dive into the applicant's prior academic and extracurricular experience, as well as his or her strengths and future academic goals. Counselors work with clients to identify the right programs to apply to and help craft an application "story" through the essay(s), résumé and letters of recommendation. Ultimately, our clients are able to stand out from others in this highly competitive process and get admitted to their targeted programs.
